CAN OPENER WITH RING-PULL HOOK

Can Do Plus has an intelligent, simple design making it easier to use than conventional manual can openers. It features a single handle for extra support and has an integrated hook at the end for prising up the metal rings on ring-pulls cans.

Not only does it revolutionise the way you open cans, Can Do Plus is also compact and stylish too making it an essential addition to your kitchen drawer. Suitable for both left and right handed users.
