NON-DRIP ICE-CREAM SCOOP

Love ice cream but hate the mess it makes? Dimple ice cream scoop is the solution. With its thoughtfully designed silicone collar, drips are no longer a problem, plus it stands on its own between scoops, so you don't have to lay it down.

The scoop head itself is dimpled which helps release the ice cream more easily, by reducing the vacuum created by the shape.

COLLAR CATCHES DRIPS WHEN STOOD UPRIGHT
