2-PIECE NESTING COLANDER SET

Nest™ is the ultimate collection of practical, space-saving kitchenware that allows the individual elements within each set to be stacked together and takes up the minimum amount of space in the cupboards.

Nest™ Colanders feature ergonomic vertical handles that leave one hand free for using the tap and can be left standing upright in the sink. Their angled corners make emptying food easier and the vertical holes allow liquids to drain away quickly.

EASY-POUR CORNERS

SPACE-SAVING

STABLE, NON-TIP DESIGN
